WEDDING CAKES 2008

Design

Our wedding cake portfolio shows many cakes we have designed. Cakes can be decorated in a variety of ways with fresh flowers, wedding ornaments, ribbons, dragées, or fruits. If you already have an idea, bring us a picture and we can work with you.

The Most Popular Cake Flavors

Strawberries and Cream – Layers yellow cake filled with fresh strawberries and cream filling and vanilla buttercream frosting

Carrot Cake – Carrot cake spread with a thin coating of apricot preserves filled with traditional cream cheese icing and finished with vanilla buttercream

Two Chocolate Raspberry – Layers of dark chocolate cake filled with raspberry whipped cream and iced with white chocolate buttercream

Chocolate Almond Raspberry – Almond butter cake layers spread with raspberry preserves, filled with chocolate ganache, and iced with amaretto buttercream

Lemon Mousse – Layers of yellow cake filled with lemon mousse and iced with lemon-amaretto buttercream

English Trifle – Almond butter cake brushed with sherry syrup and raspberry preserves, filled with mixed berries and cream, and iced with a vanilla buttercream

Chocolate Hazelnut Meringue – Chocolate cake, layered with crisp hazelnut meringue and chocolate ganache; frosted with hazelnut buttercream

Fondant Cakes

HotCakes does make fondant covered wedding cakes. The porcelain-smooth icing is beautiful and has beautiful creative possibilities. Most of our delicious cream based fillings are not compatible with fondant icing.

Cup Cakes

Cupcake flavors include Classic Yellow, Hyde Park Chocolate, Farmhouse Apple, or Carrot. We generally frost them with Meringue Buttercream. Cupcakes can be garnished with fresh flowers, berries, or sugar flowers.
